BAR GRAPH CHALLENGE

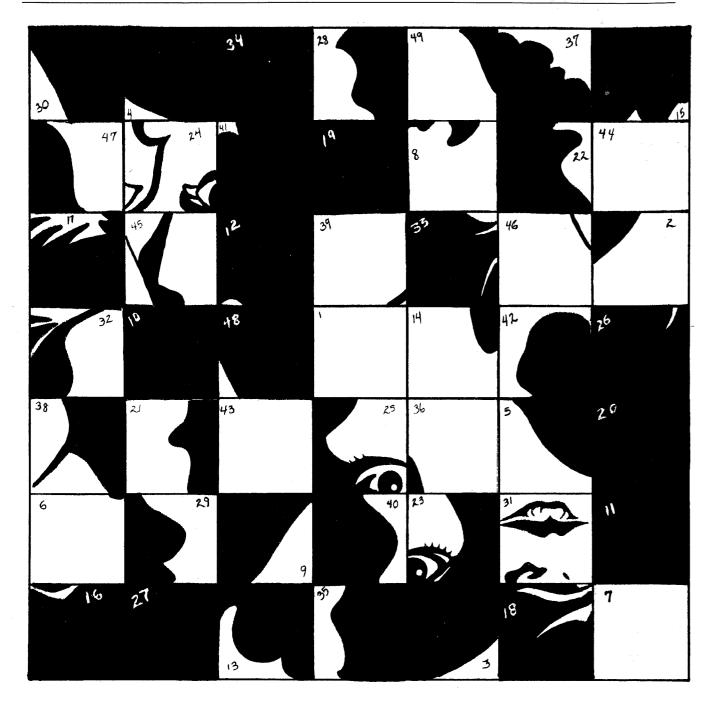

Here is one more exercise to practice shapes. Try to be as accurate as possible. This one has bigger shapes, but I have a feeling it might be harder to do. Do you know why? It is because you probably have a good idea of

what it is, and you're going to try to figure it out as you go, aren't you? This will only make it harder, so try not to, OK? Just let the *shapes* create the image for you.
