

SYMMETRICAL NAME CREATURE DRAWINGS

LINK: [Symmetrical Name Drawing Lessons and Instructions](#)

You will have two activities / assignments on symmetry to complete . All information and detailed instructions and examples can be found on the link above.

Activity #1 Intro to symmetry

Watch the [Intro into Symmetry](#) video and answer 4 of the 8 the questions below:

- What is symmetry?
 - In what subjects do you discuss symmetry?
 - An object that his symmetry can be divided into what?
 - When an object has symmetry we call it....
 - When an object does not have symmetry we call it....
 - How can you describe reflectional symmetry?
 - How many lines of symmetry does a square have?
 - Where do we often find symmetry? Give examples. You can also draw examples.
 - Find an object in your home that is symmetrical, what is it? Can you name other objects? You can also draw examples.
-

Activity #2 Creating a Symmetrical Name Design

INSTRUCTIONS: Following the instructions on the above link, watch the video [How To Make a Name Creature Drawing](#) and then create your very own symmetrical name design.

SYMMETRY

SYMMETRY IS THE QUALITY OF BEING MADE UP OF EXACTLY SIMILAR PARTS FACING EACH OTHER OR AROUND A AXIS.

LINE OF SYMMETRY

A LINE OF SYMMETRY IS THE IMAGINARY LINE WHERE YOU COULD FOLD THE IMAGE AND HAVE BOTH ALVES MATCH EXACTLY. DRAW THE LINE OF SYMMETRY ON THESE SHAPES.

**Assume these shapes are symmetrical.
Draw the other half.**

**Can you name some other things that
are symmetrical?**
